Keeping healthy shouldn't be hard work, that's why we love the new Twinings Infuso range. Twinings, master blenders of the world's best quality teas and infusions for over 300 years, have ethically sourced the finest flavors of herbs, fruits and spices from around the world and blended them into a great-tasting range of herbal and fruit infusions; natural, mouth-watering and healthy.

The Twinings Infuso Range is naturally sugar and caffeine free and with the most tantalizing flavours... Not only do they offer an irresistible alternative to sugary, carbonated drinks but they are the perfect key ingredient in refreshing and guilt-free lollies.
